Evidence Searching

We provide evidence to answer questions about patient care, service improvement, research and clinical teaching. Recent searches for intensive care include:

- *BSUH chest drain policy / chest drain flushing policy*
- *Peer to peer support during recovery from critical illness*
- *Development of a philosophy for care on critical care units*
- *Sedating patients with an eating disorder to facilitate tube feeding in intensive care*

To request a search, please fill in the [request an evidence search form](#) on the library website.

Information Skills Teaching

We offer a wide range of skills sessions to support evidence based healthcare.
