

## Locations of emergency equipment and drugs

**January 2019 edition** (Check currency/download latest at [www.aagbi.org/grh](http://www.aagbi.org/grh))

### Contents

1. RSCH Main Theatres
2. RSCH Cardiac Theatres
3. Princess Royal Hospital - Main Theatres
4. Princess Royal Hospital - DSU
5. Sussex Orthopaedic Treatment Centre
6. Hurstwood Park
7. Lewes
8. Sussex Eye Hospital

## Location of emergency equipment and drugs – RSCH

<b>Cardiac arrest trolley</b>	Outside recovery
<b>Pacing defibrillator</b>	Outside recovery
<b>Difficult Airway Trolley</b>	2 difficult airway trolleys (one outside theatre 3 and one outside theatre 4)
<b>Dantrolene / malignant hyperthermia kit</b>	Recovery Pharmacy store opposite Theatre 5
<b>Lipid rescue / local anaesthetic toxicity kit</b>	Cardiac arrest trolley (outside recovery) Recovery
<b>Anaphylaxis kit</b>	In each anaesthetic room Recovery
<b>Rapid infusor for i.v. fluid</b>	1 outside recovery (1 other being repaired currently) 1 on level 13
<b>Cell salvage equipment</b>	x2 – both in alcove opposite the allocation board in main theatres
<b>Ultrasound machine</b>	x4 in equipment room (next to theatre 2 – room with blood gas analyser and TEG)
<b>Videolaryngoscope</b>	x2 in equipment room and one on each of the two difficult airway trolleys
<b>Optiflow</b>	X 1 in equipment room X1 in recovery
<b>Plan D Cricothyroidotomy kit</b>	On the wall (plan D) in each anaesthetic room and cricothyroidotomy set x2 in the bottom draw of each difficult airway trolley
<b>Jet ventilator</b>	On tracheostomy trolley
<b>Flexible intubating scope</b>	x2 telemax screens in equipment room x5 scopes in UV cabinet Scopes Connect to CMAC screens
<b>Ramping mattress for obese</b>	x2 Oxford pillows (one outside theatre 2, one outside theatre 4)
<b>Cooled fluids</b>	<b>None available currently</b>
<b>Nearest ice machine</b>	Central kitchen by Subway
<b>Sugammadex</b>	Recovery Theatre 4

## Location of emergency equipment and drugs – Cardiac, RSCH

<b>Cardiac arrest trolley</b>	
<b>Pacing defibrillator</b>	
<b>Difficult Airway Trolley</b>	
<b>Dantrolene / malignant hyperthermia kit</b>	
<b>Lipid rescue / local anaesthetic toxicity kit</b>	
<b>Anaphylaxis kit</b>	
<b>Rapid infusor for i.v. fluid</b>	
<b>Cell salvage equipment</b>	
<b>Ultrasound machine</b>	
<b>Videolaryngoscope</b>	
<b>Optiflow</b>	
<b>Plan D Cricothyroidotomy kit</b>	On the wall (plan D) in each anaesthetic room and cricothyroidotomy set x2 in the bottom draw of each difficult airway trolley
<b>Jet ventilator</b>	
<b>Flexible intubating scope</b>	
<b>Ramping mattress for obese</b>	
<b>Cooled fluids</b>	
<b>Nearest ice machine</b>	
<b>Sugammadex</b>	

## Location of emergency equipment and drugs – Main Theatres, PRH

<b>Cardiac arrest trolley</b>	PACU and Theatre Reception
<b>Pacing defibrillator</b>	PACU and Theatre Reception
<b>Difficult Airway Trolley</b>	Theatre Reception
<b>Dantrolene / malignant hyperthermia kit</b>	PACU
<b>Lipid rescue / local anaesthetic toxicity kit</b>	PACU Cardiac Arrest Trolley
<b>Anaphylaxis kit</b>	Cardiac Arrest Trolley
<b>Rapid infusor for i.v. fluid</b>	None
<b>Cell salvage equipment</b>	Theatre Equipment Store
<b>Ultrasound machine</b>	PACU x 2
<b>Videolaryngoscope</b>	C-MAC outside Th3 , AirTraq each Anaesthetic Room
<b>Plan D Cricothyroidotomy kit</b>	On Intubation Trolley in each Anaesthetic Room, cricothyroidotomy set x2 in the bottom draw of each difficult airway trolley
<b>Jet ventilator</b>	Scope Room
<b>Flexible intubating scope</b>	D.A.T Theatre Reception, Anaesthetic Room 3
<b>Ramping mattress for obese</b>	Theatre Reception x 2
<b>Cooled fluids</b>	NaCl PACU Fridge
<b>Nearest ice machine</b>	No Ice Machine in PRH - Ice Tray in ITU Ice machine in HWP Surgical Ward
<b>Sugammadex</b>	PACU CD Cupboard

## Location of emergency equipment & drugs – DSU PRH

<b>Cardiac arrest trolley</b>	Opposite Recovery
<b>Pacing defibrillator</b>	On top of Cardiac Arrest Trolley
<b>Difficult Airway Trolley</b>	In Anaesthetic Room
<b>Dantrolene / malignant hyperthermia kit</b>	Main Theatres PRH
<b>Lipid rescue / local anaesthetic toxicity kit</b>	Anaesthetic Room Cupboard 8
<b>Anaphylaxis kit</b>	In Cardiac Arrest Trolley
<b>Rapid infusor for i.v. fluid</b>	Pressure bags Level 1 upstairs main theatres
<b>Cell salvage equipment</b>	Main Theatres PRH
<b>Ultrasound machine</b>	Bay 2, Plugged In
<b>Videolaryngoscope</b>	In Anaesthetic Room
<b>Plan D Cricothyroidotomy kit</b>	On the wall (plan D) in each anaesthetic room and cricothyroidotomy set x2 in the bottom draw of each difficult airway trolley
<b>Jet ventilator</b>	On side of Anaesthetic Machine in Anaesthetic Room
<b>Flexible intubating scope</b>	On Top of Difficult Airway Trolley
<b>Ramping mattress for obese</b>	Oxford Pillow in Anaesthetic Room behind Difficult Airway Trolley
<b>Cooled fluids</b>	Main Theatre PRH
<b>Nearest ice machine</b>	Outpatients, main building, PRH
<b>Sugammadex</b>	In Controlled Drugs Cupboard in Anaesthetic Room

## Location of emergency equipment and drugs – SOTC

<b>Cardiac arrest trolley</b>	Theatre corridor – Near nursing Station
<b>Pacing defibrillator</b>	Theatre corridor – Near nursing Station
<b>Difficult Airway Trolley</b>	Theatre corridor – Near nursing Station
<b>Dantrolene / malignant hyperthermia kit</b>	Pharmacy room – MH Trolley
<b>Lipid rescue / local anaesthetic toxicity kit</b>	Cardiac Arrest Trolley
<b>Anaphylaxis kit</b>	Cardiac Arrest Trolley
<b>Rapid infusor for i.v. fluid</b>	PRH Theatres
<b>Cell salvage equipment</b>	Equipment Store – Back Corridor
<b>Ultrasound machine</b>	Pharmacy Room
<b>Videolaryngoscope</b>	All Anaesthetic Rooms, On shelf in theatre 4 and Difficult Airway Trolley
<b>Plan D Cricothyroidotomy kit</b>	On the wall (plan D) in each anaesthetic room and cricothyroidotomy set x2 in the bottom draw of each difficult airway trolley
<b>Jet ventilator</b>	
<b>Flexible intubating scope</b>	Difficult Airway Trolley
<b>Ramping mattress for obese</b>	Pharmacy room or equipment rack in back corridor
<b>Cooled fluids</b>	Pharmacy fridge and each anaesthetic room fridge
<b>Nearest ice machine</b>	Staff Kitchen
<b>Sugammadex</b>	Recovery drug cupboard

## Location of emergency equipment and drugs – HWP Theatres, PRH

<b>Cardiac arrest trolley</b>	PACU
<b>Pacing defibrillator</b>	PACU
<b>Difficult Airway Trolley</b>	Theatre Entrance Corridor
<b>Dantrolene / malignant hyperthermia kit</b>	PACU
<b>Lipid rescue / local anaesthetic toxicity kit</b>	PACU Cardiac Arrest Trolley
<b>Anaphylaxis kit</b>	Cardiac Arrest Trolley
<b>Rapid infusor for i.v. fluid</b>	None
<b>Cell salvage equipment</b>	Main Theatres
<b>Ultrasound machine</b>	Theatre Entrance Corridor
<b>Videolaryngoscope</b>	C-MAC Theatre Entrance Corridor , AirTraq Anaesthetic Room 1 and Theatre 2
<b>Plan D Cricothyroidotomy kit</b>	On Intubation Trolley in Anaesthetic Room 1 and Theatre 2, cricothyroidotomy set x2 in the bottom draw of each difficult airway trolley
<b>Jet ventilator</b>	Anaesthetic Room 1
<b>Flexible intubating scope</b>	D.A.T Theatre Entrance Corridor
<b>Ramping mattress for obese</b>	Anaesthetic Store Room
<b>Cooled fluids</b>	None
<b>Nearest ice machine</b>	HWP Surgical Ward
<b>Sugammadex</b>	PACU CD Cupboard

## Location of emergency equipment and drugs – Lewes

<b>Cardiac arrest trolley</b>	Theatre 1
<b>Pacing defibrillator</b>	Theatre 1
<b>Difficult Airway Trolley</b>	Anaesthetic room
<b>Dantrolene / malignant hyperthermia kit</b>	Anaesthetic room
<b>Lipid rescue / local anaesthetic toxicity kit</b>	Anaesthetic room
<b>Anaphylaxis kit</b>	Theatre 1
<b>Rapid infusor for i.v. fluid</b>	none
<b>Cell salvage equipment</b>	NA
<b>Ultrasound machine</b>	Day Surgery Unit 30 seconds from Theatre 1
<b>Videolaryngoscope</b>	Anaesthetic room
<b>Plan D Cricothyroidotomy kit</b>	On the wall (plan D) in each anaesthetic room and cricothyroidotomy set x2 in the bottom draw of each difficult airway trolley
<b>Jet ventilator</b>	Anaesthetic room
<b>Flexible intubating scope</b>	Anaesthetic room
<b>Ramping mattress for obese</b>	NA
<b>Cooled fluids</b>	none
<b>Nearest ice machine</b>	Clinical room 20 seconds from Theatre 1
<b>Sugammadex</b>	Anaesthetic room

## Location of emergency equipment and drugs – SEH

<b>Cardiac arrest trolley</b>	In Theatre Recovery
<b>Pacing defibrillator</b>	Via Resus team
<b>Difficult Airway Trolley</b>	Anaesthetic room 1
<b>Dantrolene / malignant hyperthermia kit</b>	Main RSCH Theatre
<b>Lipid rescue / local anaesthetic toxicity kit</b>	In Cardiac Arrest trolley
<b>Anaphylaxis kit</b>	In Cardiac Arrest Trolley
<b>Rapid infusor for i.v. fluid</b>	In Anaesthetic room 1
<b>Cell salvage equipment</b>	N/A
<b>Ultrasound machine</b>	N/A
<b>Videolaryngoscope</b>	Anaesthetic room 1
<b>Plan D Cricothyroidotomy kit</b>	On the wall (plan D) in each anaesthetic room and cricothyroidotomy set x2 in the bottom draw of each difficult airway trolley
<b>Jet ventilator</b>	In Anaesthetic room 1
<b>Flexible intubating scope</b>	Anaesthetic room 1 (AMBU Disposable) or in main RSCH theatre
<b>Ramping mattress for obese</b>	Recovery room
<b>Cooled fluids</b>	Theatre fridge
<b>Nearest ice machine</b>	Pickford Ward – 1 floor below theatre
<b>Sugammadex</b>	CD Cupboard in Anaesthetic room 1
