

Notes and general disclaimer for 'Practice Education Team Critical Care BSUH' Flashcards

Please note: these flashcards are designed for use during the COVID19 surge, for use by NON-ICU trained staff, under direct supervision of ICU-trained nurses and Medical Staff, caring for Critically Ill patients within the Critical Care Unit and 'surge areas' within Brighton & Sussex Universities Hospitals NHS Trust (BSUH). They are intended as a guide only.

These flashcards are based upon Nursing Practice and Policies relevant to BSUH Critical Care and are agreed by the relevant professionals within the Trust.

These flashcards may be subject to change during the COVID19 surge, as advice from the relevant National and Professional bodies changes or is updated.

These flashcards do not replace the clinical decision making or judgement of the relevant Medical Professionals or Nursing staff. They are intended as a guide only.

All staff outside BSUH Critical Care should refer to their Local Policies for advice on managing patients.
