Example

Now turn page over for PEWS Escalation Plan

Blood pressure and Pain Score values do not contribute to overall PEWS score. Circle SaO_2 reading when probe changed

Royal Alexandra Children's Hospital

PEWS Escalation Plan – must be followed

If you are concerned about a child, call for help - regardless of the PEWS score
Emergency call 2222

0-1	Continue monitoring
2	Nurse in charge informed
3	Nurse in charge review, consider medical review
4	Senior medical review, hourly re-assessment
5-6	Immediate medical assessment, continuous observation, hourly medical review, or Paediatric Critical Care

When following escalation plan, use SBAR communication tool and have observation and fluid chart to hand

Record details when PEWS ≥ 3			Record time of review and plan
