

## 2.7 Mid Point Review

The mid-point review is not mandatory but strongly encouraged, particularly if you or your supervisor have concerns.

<b>Name of trainee:</b>		<b>GMC number:</b>	
<b>Training period from:</b>		<b>to:</b>	
<b>Trust:</b>		<b>Department:</b>	
Give a brief description of the placement: <i>e.g. General Practice in rural setting, Haematology in University Teaching Hospital</i>			
1. What evidence is there that the trainee is making progress in line with their Personal Development Plan (PDP) / induction meeting discussion (e.g. assessments)?			
2. What areas still need to be addressed?			
3. Has any assessment or aspect of performance highlighted any concerns which should be addressed within the PDP?			
<b>Further explanatory comments:-</b>			

**Trainee**

**Educational/Clinical Supervisor**
