Note 1: Note: bed numbers reflect adjusted bed numbers following IPC advice.

Note 2: Vallance ward to be used for Dementia patients until it flips red in Phase 6

Key changes form version 1.10

L8A East no longer flips red at Phase 2 and is replaced by L11 East and West. L8A East to remain green throughout surge plan

RSCH Mixed RED (COVID-19), AMBER and GREEN (non-COVID) Surgery and Specialist Wards
Version 1.11, 18/12/2020

Total Mixed RED/GREEN Beds 149 (of which 35 have been identified as possible for red/amber patients)	Level 9A (58 Beds) (5 side rooms for red/amber in first instance, with flip of bay(s) if demand)	Level 8A West (32 beds) (1 bay of 6 beds red)	Trafford (26 Beds) (side rooms for red/amber)	L8 Tower (Can accommodate red/amber in 4 side rooms, with flip of bay if demand)	L10 - Albion & Lewis (Albion – 11 beds red Lewes – 20 beds green)
Speciality	Mixed General Surgery	Neuro and ENT	Renal	Vacular	Cardiac

RSCH Additional Areas – Not currently in plans

Theatre Admissions Unit (6 Trolleys)

New Millennium Beds (18)

Pickford - Eye Hospital (9 beds)

	Speciality	Red Med	Red Med	Red Med	Red/ Exposed	Red Med	Red Med	Acute Med	Women's surgery	Urology	Inpat Rehab	Surgery	

Note 1: Bed numbers reflect wards full capacity rather than adjusted bed numbers following IPC advice. If beds on a red ward are closed as a result of IPC advice, this will reduce the trigger point to move to the next Phase of the surge plan.

Note 2: Management of Amber patients to be agreed by IPC and Site Team. At the time of this plan, amber patients at PRH are managed through the use of side rooms and/or bays on Pyecombe and Twineham. With agreement from IPC, amber patients may be managed in green wards.

Key changes from version 1.10

Plumpton removed as inpatient ward as now used by pre-op assessment and the discharge lounge following sewerage moves required to enable work on the PRH ED expansion

The order in which wards flip red has changed from phase 2 onwards. Albourne and Clayton are now included in the surge whereas they remained green in v1.10.
