

Infection Prevention

All Staff

When entering single room / cohort area wear:

- Single use gloves
- Single use apron / gown
- Eye protection (visor or goggles)
- FFP3 respirator or powered hood advised

(NB: if using an FFP3 you must be fit tested for the mask prior to use and perform a “fit check” each time you wear an FFP3)

Remember: change PPE & clean hands between patients/tasks (except for face mask & visor/goggles which can be sessional use)

Visitors

Please speak to the person in charge before entering this room

Please clean hands before entering/leaving

Please keep the door closed
